

Churches in my area: research task

- Type 'churches near me' into Google maps. If you live in a town or city, you will want to focus on churches near to your school.
- Click on the link to the church website.
- For each church you find record:
 - What is the name of the church?
 - What type of church is it?
 - Who is the vicar or minister?
 - Sometimes the prayer leaders are called Pastor or Priest. Roman Catholic or Orthodox priests often have the title 'Father'.
 - It is possible that there isn't one.
 - This information will probably be found on the 'who we are', 'our team', about or staff page.
 - What activities take place there? E.g., services, play groups, Bible study etc
 - Does the church do online services?
 - Record any other facts you find interesting.
 - E.g., how old the church is, the story of the Saint it is named after (if it has a Saint's name).
