

Hinduism— Festivals Activity

Key Stage 2

This activity is designed to accompany the video.

Children will need to watch the video on festivals. This activity works best in small groups. The children will need to think of one of the festivals mentioned in the video; Navaratri, Diwali, Holi and Raksha Bandhan.

They will need to use the information about the celebrations from the video to play a game of charades.

Children will take it in turns to act out a different festival whilst the other children try to guess which festival is being acted out.

Assessment Opportunities

Ask the children what clues they used to guess which festival the person was acting out.
